

MONIQUE SINGH

ICONIC COLLECTION

Iconic collection

Monique Singh is an aspirational luxury brand representing a statement of strength, femininity and freedom. The fashion brand brings together a fusion of sophisticated Indian artistry and contemporary western facets. Its first capsule collection named 'ICONIC' symbolizes the condensed version of the designers vision.

Stepping into a power suit of Monique Singh empowers a woman in creating her own universe. This is not only reinforced by elements of bold yet elegant design features and high quality craftsmanship, but also by honoring her heritage making her feel grounded and authorized in succeeding her mission. Each item she wears enhances her presence. Each one is her.

We strive to appeal to the multi-faceted woman worldwide dedicated to give her that extra edge while she is busy trailblazing the world in her own individualistic and unapologetic manner.

Our philosophy is to bring out the beauty and confidence that is within each woman while radiating her own distinctiveness, allowing her to leave her legacy to the world.
